PRIVATE SECRETARY'S OFFICE.

NOTIFICATION.

No. 8.—In connexion with the admission of candidates to the Prince of Wales' Royal Indian Military College, Dehra Dun, for the term commencing from January 1924, intimation has been received from the Army Department of the Government of India that there will be a few vacancies to be filled. The following information is therefore published for the use of intending candidates:—

(1) The College will provide a public school education on English lines for Indian youths who desire subsequently to enter the Royal Military College, Sandhurst, with a view to obtaining commissions in the Indian Army. It is intended for those who wish to make the Army their profession in life, and parents or guardians of candidates will be required to furnish a declaration to this effect. The course of study at the College will, however, be such that, should a boy fail in the examination for entrance to the Royal Military College, Sandhurst, he will be in as good a position to pass the university entrance examination as if he had been educated at an ordinary school.

(2) Candidates will be accepted from—

(*a*) Provinces of British India;

(*b*) Indian States (nominated by His Excellency the Commander-in-Chief); and

(*c*) Sons of Indian officers of good service specially nominated by His Excellency the Commander-in-Chief.

For vacancies under (*b*) and (*c*), the nominations will be made by His Excellency the Commander-in-Chief on the recommendation of the Local Government or Administration or the Political Officer, as the case may be.

(3) The upper age limit of candidates shall be 12½ years on the 1st January 1924, and no candidates who are below the age of 11½ or above the age of 12½ on that date shall be accepted.

(4) Candidates should attach to their applications a medical certificate from a medical officer to the effect that they are physically fit in all respects, as detailed in the Appendix below.

(5) The fees will be Rs. 1,680 for each school year and are liable to enhancement hereafter, if circumstances required. These fees will include tuition, messing, school servants, washing and

messing, and medical attendance of the ordinary kind, and, as initial provision, one suit of the uniform to be worn by students when at the College. The fees to be paid by students admitted under paragraph (2) (*c*) will be determined by His Excellency the Commander-in-Chief in each particular case.

(3) One general mess will be maintained. All students will be required to mess together. Special care will be taken that no food is served in the mess which could, in any way, offend the religious susceptibilities of any student.

(7) All applications should be submitted *in duplicate* to the Private Secretary to His Excellency the Governor of Madras, Madras Governor's Camp, not later than 15th October 1923 in the form below. An application received after the 15th October will be considered.

Form of Application.

1. Name in full. *(To be typewritten or hand printed.)*
2. Date of birth. *(This must be definitely stated.)*
3. Name, occupation and address of father or guardian.
4. Caste and tribe.
5. Permanent address in India.
6. Brief resume of military service rendered by candidate's father and near relatives and statement of his father's financial position (*required only in the case of the son of Indian officers*).
7. Medical report.

Place

Date *Signature of Candidate.*

APPENDIX.

INFORMATION RESPECTING THE MEDICAL EXAMINATION OF CANDIDATES FOR ADMISSION TO THE PRINCE OF WALES' ROYAL INDIAN MILITARY COLLEGE, DEHRA DUN.

1. The medical examination of candidates for admission to the Prince of Wales' Royal Indian Military College, Dehra Dun, should invariably be made by—

(*a*) The Officer Commanding a British or Indian Station Hospital, or, failing (*a*),

(*b*) A Civil Surgeon.

2. A standard for height and chest measurements and physical development cannot be laid down, but the candidate should not be below the average for his age and race.

3. The standard of the minimum of acuteness of vision with which a candidate will be considered fit is—

Better eye.	Worse eye.
Distant vision V = 9/d	Distant vision not below 6/60.
Near vision reads 0·9	After correction with glasses not below 6/19. Near vision reads 0·d.

Snellen's types should be used.

Each eye must have a full field of vision as tested by hand movements.

Squint or any morbid condition of the eyes or of the lid of either eye liable to the risk of aggravation or recurrence, will cause the rejection of the candidate.

Each eye will be examined separately. The candidate will be required to read the tests in ordinary daylight.

Inability to distinguish the principal colours will not be regarded as a cause for rejection, but the fact will be noted in the proceedings and the candidate will be informed.

No relaxation of the standard of vision will be allowed.

4. The following additional points will then be observed:—

(*a*) That his hearing is good.

(*b*) That his speech is without impediment.

(*c*) That his teeth are in good order. He must have nine (9) sound teeth in the upper jaw, *functionally* opposed to nine (9) sound teeth in the lower jaw. Two of these teeth in each jaw must be molars. Well-filled teeth will be considered as sound.

(*d*) That his chest is well formed and that his lungs and heart are sound.

(*e*) That he is not ruptured.

(*f*) That he does not suffer in a fair degree of varicocele or varicose veins. A candidate who has been successfully operated on will be accepted.

(*g*) That his limbs are well formed and developed.

(*h*) That there is free and perfect motion of all the joints.

(*i*) That his feet and toes are well formed.

(*k*) That he does not suffer from any inveterate skin disease.

(*l*) That he has no congenital malformation or defect.

(*m*) That he does not bear traces of previous acute or chronic disease pointing to an impaired constitution.

David Petrie, Esquire, Companion of Our Most Eminent Order of the Indian Empire, Commander of the Royal Victorian Order, Commander of Our Most Excellent Order of the British Empire, Indian Police Service;

Bhupendranath Basu, Esquire, Member of the Council of India; and

Reginald Coupland, Esquire, Beit Professor of Colonial History in Our University of Oxford.

Greeting!

Whereas, having regard to the necessity for maintaining a standard of administration in conformity with the responsibilities of the Crown for the Government of India, and to the declared policy of Parliament in respect of the increasing association of Indians in every branch of the administration, and in view of the experience now gained of the operation of the system of government established by the Government of India Act in respect of the superior Civil Services in India, We have deemed it expedient that a Commission should forthwith issue to inquire into:—

(1) the organisation and general conditions of service, financial and otherwise, of those Services;

(2) the possibility of transferring immediately or gradually any of their present duties and functions to services constituted on a provincial basis;

(3) the recruitment of Europeans and Indians respectively for which provision should be made under the Constitution established by the said Act, and the best methods of securing and maintaining such recruitment; and to make recommendations:

Now know ye, that We, reposing great trust and confidence in your knowledge and ability, have authorized and appointed, and do by these Presents authorize and appoint you, the said Arthur Hamilton, Viscount Lee of Fareham (Chairman); Sir Reginald Henry Craddock; Sir Cyril Jackson; Sir Chimanlal Harilal Setalvad; Sir Mahammad Habibullah; Hari Kishan Kaul; David Petrie; Bhupendranath Basu and Reginald Coupland to be Our Commissioners for the purposes of the said inquiry.

And for the better effecting the purposes of this Our Commission, We do by these Presents give and grant unto you, or any three or more of you, full power, at any place in Our said United Kingdom of Great Britain and Ireland, or in India, to call before you such persons as you shall judge likely to afford you any information upon the subject of this Our Commission; and also, whether in Our said United Kingdom, or in India, to call for information in writing; to call for, have access to and examine all such books, documents, registers and records as may afford you the fullest information on the subject, and to inquire of and concerning the premises by all other lawful ways and means whatsoever.

And We do by these Presents authorize and empower you, or any one or more of you, to visit and personally inspect such places as you may deem it expedient so to inspect for the more effectual carrying out of the purposes aforesaid.

And We do by these Presents will and ordain that this Our Commission shall continue in full force and virtue, and that you, Our said Commissioners, or any three or more of you, may from time to time proceed in the execution thereof, and of every matter and thing therein contained, although the same be not continued from time to time by adjournment.

And We do further ordain that you, or any three or more of you, have liberty to report your proceedings under this Our Commission from time to time, if you shall judge it expedient so to do.

And Our further will and pleasure is that you do, with as little delay as possible, report to Us under your hands and seals, or under the hands and seals of any three or more of you, your opinion upon the matters herein submitted for your consideration.

Given at Our Court at *Saint James's*, the fifteenth day of June, one thousand nine hundred and twenty-three, in the fourteenth year of Our Reign.

By His Majesty's Command,

W. C. BRIDGEMAN.

No. 644.—The following resolution of the Government of India is republished :—

HOME DEPARTMENT.

POLITICAL.

Delhi, the 18th December 1914.

No. 2951-2964.—In supersession of the orders contained in the Resolution of the Government of India in the Home Department, No. 2831-2412, dated the 4th December 1893, the Governor-General in Council is pleased to issue the following instructions with regard to certificates of identity.

2. Every native of India who contemplates proceeding out of India to foreign countries is strongly urged, before leaving, to furnish himself with an authoritative certificate of identity, in the form appended to this Resolution, signed by the head of the district (in a Presidency Town and in the town of Rangoon, the Commissioner of Police) in the case of residents of British India, and by the Political Officer in that of residents of Native States. In the case of a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer (in a Presidency Town and in the town of Rangoon, the Commissioner of Police) or Political Officer as the case may be.

Appeals for assistance by destitute Indians who desire repatriation and by students who, owing to embarrassed circumstances, are unable to complete their course of education cannot be dealt with satisfactorily unless the parties are in a position to produce evidence of identity. The possession of a certificate of identity will be specially useful to young men of good family, as it may enable the Secretary of State to obtain for them social and other attentions.

Those who are desirous however, of travelling in countries where a passport will be necessary are advised to furnish themselves with such a document also before leaving India, in lieu of, or in addition to, a certificate of identity. It should be remembered that no person is entitled to a passport, as of right, on the ground that he is a British subject, and the production before authorities outside India of a certificate of identity, unless supplemented by documentary evidence of respectability, is not sufficient to ensure that a passport will be granted.

Form of Certificate of Identity.

1. Name of applicant_____

2. Father's name and caste_____

3. Residence_____

4. Age of applicant_____

5. Nationality of applicant*_____

6. Social or pecuniary status of father or (guardian)_____

7. Date of probable departure of applicant from India_____

8. Object of applicant's visit to England (Europe)_____

Signature of District Officer (in a Presidency Town, the Commissioner of Police or Political Officer, or head of school or college†)

*Dated*_____

* I.e., whether a British subject by birth or by naturalization (or a subject of a Native State).

† Countersignature of the District or Political Officer should be obtained on certificate signed by heads of schools or colleges.

Note.—Holders of certificates of identity intending to apply subsequently in England or elsewhere for a passport to visit a foreign country are warned that no person is entitled to a passport as of right on the sole ground that he is a British subject. The production of a certificate of identity, therefore, will not ordinarily be sufficient to ensure the grant of a passport, unless it is supplemented by documentary evidence of respectability, endorsed by a Local Government or other authority competent to issue passports in India, certifying that the bearer is a person proper person to receive a passport.

ELECTIONS.

Simla, the 27*th September* 1923

No. 221 A.—In exercise of the powers conferred by rule 16 of the Legislative Assembly Electoral Rules, the Governor-General in Council is pleased to direct that the following amendments shall be made in the Regulations published with the Notification of the Government of India in the Legislative Department No. 184, dated the 24th August 1923, namely :—

(1) In clause (a) of regulation 16 the words "and authorised in this behalf by the Returning Officer" shall be omitted.

(2) In regulation 40—

(a) after the words "such day and hour" the words "as well as covers not sent by registered post" shall be inserted;

(b) in the proviso after the words "the cover" the words "in person or by messenger" shall be inserted.

(3) For sub clause (ii) of clause (a) of regulation 46 the following shall be substituted, namely:—

"(ii) If the constituency is one in which postal voting is allowed, the covers received from or deposited by voters shall be opened one after another and the envelopes and declaration papers taken out therefrom. The Returning Officer shall then examine whether the declaration paper is the one sent out by him and whether the declaration and attestation are prima *facie* regular. If more than one declaration paper or more than one envelope is enclosed in one and the same cover, all the declaration papers and envelopes contained in the cover shall be rejected, and the Returning Officer shall endorse the word "Rejected" on the back of each declaration paper and keep the declaration papers so rejected and the envelopes contained in the cover in a separate bundle. If he is not satisfied that a declaration paper is the one sent out by him to the voter concerned, or if the declaration or attestation is not in order, he shall reject the declaration paper and endorse the word "Rejected" on the back thereof and keep it with the connected envelope in a separate bundle. He shall file the other declaration papers and the envelopes containing the corresponding ballot papers in separate heaps. These envelopes shall then be opened, the papers enclosed therein taken out and counted, and the number thereof recorded by the Returning Officer in a statement".

(4) For sub-regulation (1) of regulation 47 the following shall be substituted, namely.—

"47 (1) A ballot paper shall be rejected—

(a) if the number of votes recorded thereon exceeds the number of vacancies to be filled,

(b) if no vote is recorded thereon,

(c) if it is void for uncertainty,

(d) if it bears any mark by which the elector can be identified, and

(e) in the case of a postal vote—

(i) if the cover enclosing the elector's declaration paper and envelope containing his ballot paper has neither been sent by registered post so as to reach the Returning Officer not later than the day and the latest hour fixed for the poll nor deposited in the ballot box provided in the Office of the Returning officer on the day and during the hours fixed for the poll;

(ii) if more than one declaration paper or envelope containing a ballot paper have been enclosed in one and the same cover;

(iii) if the declaration paper is not the one sent out by the Returning Officer to the elector, or if the declaration or attestation is not in order."

(5) In the Schedule, for the entry in the third column relating to the South Madras Muhammadan Constituency the following shall be substituted, namely:—

"Treasury Deputy Collector, Salem, the Collectors of Trichinopoly, Chingleput, North Arcot, Coimbatore, South Arcot, Tanjore, Madura, Ramnad and Tinnevelly, and the Commissioner, Corporation of Madras."

(6) In Form X, in the letter of intimation, after the words "or deposit the cover addressed to me in the ballot box provided for the purpose in (place) between and on " the following shall be inserted, namely:—

"Covers which are not sent by registered post and those which contain more than one declaration paper or envelope containing a ballot paper will be rejected."

Under the provisions of section 7 of the Canals and Public Ferries Act, 1890, the Governor in Council is pleased to authorize—

(a) the Executive Engineer, West Coast Division, and the Collector of Malabar to exercise all the powers specified in section 7 of the Act,

(b) the Revenue Divisional officers and the officers of the Public Works Department in charge of subdivisions and sections, in the district to exercise the powers referred to in clauses (ii), (iii), (iv) and (v) thereof and

(c) all Magistrates and Police officers not below the rank of Sub-Inspector in the district to exercise the powers referred to in clause (v) thereof,

in respect of the lines of navigation in the Malabar district notified under section 4 of the Act.

Under the provisions of section 16 of the Canals and Public Ferries Act, 1890, the Governor in Council is pleased to declare that in supersession of the notification, dated 29th January 1917, published at pages 623-24 of Part I of the *Fort St. George Gazette*, dated 15th May 1917, the following rules shall, on or after 1st October 1923, be in force on the marginally-noted lines of navigations in the Malabar district notified under section 4 of the Act.

(1) From Kavvayi to Azhikkal via the Elimala river, Sultan's canal and the Mattool river.
(2) From Badagara to the Beypore river via the Colla, Agalapuzha and Karuvancha rivers, the Conolly canal and the Kallayi river.
(3) From Tirur to Ponnani via the Tirur and Ponnani rivers.
(4) From Ponnani to Ale via the Conolly Canal and the connected backwaters.
(5) The Kalvetti canal in British Cochin.
(6) From Irrukkai to Azhikkal via Baliapalam river.
(7) From Edavana to Beypore via the Beypore river.

In the case of vessels other than steamers and motor vessels using lines of navigation numbered 1, 2, 6 and 7 above, the following rules only shall be applicable :—12, 14, 16 (except last sentence), 17, 19, 20 [clause (x) only], 23, 24 and 25.

1. For the purposes of these rules the Executive Engineer, West Coast Division, and the officers of the Public Works Department in charge of subdivisions and sections, shall be 'canal officers.'

2. *Vessels to be licensed.*—Every vessel using a canal shall, unless it is exempted by the notification under section 3 of the Canals and Public Ferries Act, 1890, be either licensed or registered.

3. *Persons other than ryots.*—On application by the owner of a vessel or his agent either in person or by letter for permission to navigate any particular line or connected lines of navigation, and on payment of the fees prescribed in the notification published under section 3 of the Act, the Executive Engineer, West Coast Division, or any other Canal Officer duly authorized by him, shall grant a licence or certificate of registration for such navigation in the form prescribed subject to the condition that claims for compensation in consequence of the closure of all or any of the canals for repair, or insufficiency of water or any other impediment to navigation shall not be recognized. The licence or certificate of registration shall be annual and shall run from the date of issue to 31st March following.

Vessels registered shall be subject to the same rules and regulations as those for which licenses are taken out so far as they are applicable.

Vessels intended only for the personal use of the owners and not employed in carrying goods, animals or passengers for purposes of trade may be registered. All other vessels of a registered tonnage of one ton and over shall be licensed.

4. *Inspection of steamers.*—(a) The application for an original licence of a steam vessel shall be made by the owner to the Executive Engineer at least two calendar months before the licence is required. In making such application the owner shall give the name and address of the person to whom notice of inspection of the vessel should be given.

(b) The inspection of the hull and the machinery of a steam vessel shall be made by the Executive Engineer or any person deputed by him within fifteen days of the receipt of the application.

(c) As soon as possible after such inspection the Executive Engineer shall, if the hull and the machinery be in good condition, give notice to the Senior Inspector of Steam-boilers and Prime-movers, Madras, stating the name of vessel and its owner, the place where it should be inspected and the name and address of the person to whom the notice of inspection should be given.

(d) On receipt of such notice the Inspector shall arrange to fix a date for inspection which shall be within thirty days of its receipt and shall give the owner or the person named by him fourteen days' notice of his intention to inspect, stating what preparations should be made for his inspection.

(e) If, on such inspection, the Inspector is satisfied that the boiler is in good condition, he shall issue to the Executive Engineer the usual boiler certificate to that effect, specifying the maximum pressure at which the boiler may be worked and the period for which such certificate shall be in force.

(f) The Executive Engineer shall, within a week of receipt of the Boiler Inspector's certificate, grant a certificate of inspection and also a licence.

(g) All licences shall expire at the end of the period for which the certificate of inspection is granted. If the owner wishes to ply his steam vessel beyond the period covered by such certificate, he shall give notice of his desire to do so to the Executive Engineer at least six weeks before the date of the expiry of such certificate.

(h) In the event of none of the Inspectors of Steam-boilers being able to inspect the vessel before the date of the expiry of the certificate provided the six weeks' notice has been given, the Senior Inspector of Steam-boilers, Madras, shall intimate to the Executive Engineer that no Inspector is available and the Executive Engineer will endorse the current certificate extending it until such time as arrangements can be made for the inspection of the boiler. The period of such extension shall not exceed ten months.

5. *Counterpart of licences and certificate of registration.*—Every canal officer empowered to grant licences and certificates of registration shall retain the counterpart of every licence or certificate of registration granted by him, and shall be responsible that it corresponds to the licence or certificate of which it is a counterpart. When an alteration is made in the licence or the certificate, a corresponding alteration shall be made in the counterpart thereof.

6. *Transfer of licence or certificate of registration.*—If the ownership of a vessel licensed or registered is changed during the year for which the vessel is licensed or registered, the officer who granted the licence or certificate of registration may, upon the application of the original owner and the transferee, alter the licence or certificate of registration by substituting the name of the latter for that of the former. But a licence or a certificate of registration granted for one vessel shall not be transferred to another vessel.

7. *Gross tonnage.*—The gross tonnage of a vessel shall be ascertained by multiplying its length, breadth and depth in feet and inches and dividing the product by fifty. The length shall be measured at half the midship depth in a straight line from the inside of the outer planking at the side of the stem to the inside of the outer planking at the side of the stern post and shall be hereinafter called the length for tonnage. The breadth for tonnage shall be one-sixth of the sum of five widths taken at equal distances along and at right angles to the above length for tonnage measured from the rib on one side to the planking on the other side. If the vessel has a fixed internal planking or 'ceiling,' the said five widths shall be measured from the inner side of such ceiling on one side to the inner side thereof on the other side.

The depth of all vessels shall be measured in a vertical line at the centre of the length for tonnage. If a vessel is decked, the measurement for depth shall be from the under side of the deck planking or, in case of a break, from a line stretched in continuation of such deck planking. If the vessel is an open one, the measurement for depth shall be from an athwartship line extended from the upper edge of the upper strake on both sides of the vessel. If the vessel has a fixed ceiling (inner planking), the measurement for depth shall be to the inner side of such ceiling. If a vessel has no fixed ceiling, the measurement for depth shall be to the inner side of the outer bottom plank.

8. *What to be deemed the tonnage of a vessel.*—Whenever the tonnage of any vessel has been ascertained, the same shall henceforth be deemed to be the tonnage thereof, unless any alteration is made in the form or capacity of such vessel or unless it is discovered that the tonnage thereof has been erroneously computed, and in either of such cases, such vessel shall be re-measured and her tonnage determined according to the rule hereinbefore contained in that behalf.

9. *Registered tonnage.*—The net or registered tonnage upon which fees are leviable shall be the gross tonnage less 33⅓ per cent for steam vessels, less 30 per cent for motor vessels and less 25 per cent for other vessels. Any fraction of a ton above half shall be taken as one ton and other fractions rejected.

10. *Fee to be paid in case of loss of licence or certificate of registration.*—If the original licence or certificate of registration be lost, a duplicate shall be issued by the officer who granted the licence on payment of the fee prescribed in the notification published under section 6 of the Act. If the loss

occurred during the absence of the vessel from the station at which it was licensed or registered, the loss shall be reported to the nearest canal officer who shall thereupon issue a pass in the prescribed form. Such pass should hold good until the arrival of the vessel at the station at which the licence or certificate was issued. Immediately upon such arrival, the owner or his agent shall deliver up the said pass and pay the prescribed fee for a duplicate licence or certificate.

The licence or the certificate of registration shall contain the particulars specified in the prescribed forms and such other conditions as the Executive Engineer may think fit to prescribe in any case.

11. *Rafts.*—The owners or persons in charge of rafts using any of the canals numbered 3, 4 and 5 in the preamble to this part shall pay the fee prescribed in the notification published under section 6 of the Act, and take out licences in the form prescribed. The licence shall be in force for six weeks from the date of issue.

12. *Regulation of traffic at wharves.*—The regulation of traffic at wharves and landing places shall be according to the rules framed in that behalf and approved by Government. Such rules shall be fixed in a conspicuous place at each end of the wharf and any infringement thereof shall be punished by suspension, for a period not exceeding three months, of the licence of the vessel contravening the rule or rules.

13. *Private wharves.*—No private wharf or landing stage shall be constructed on any public canal without the previous sanction of Government.

14. *Free board.*—No vessel carrying cargo shall be navigated in the canals unless it has a free board of at least nine inches, and no vessel carrying passengers shall be so navigated unless it has a free board of at least twelve inches. The free board shall be measured from the water's edge to the top of the gunwale, when the vessel has no deck and to the upper side of the plank of the deck, when the vessel has a deck.

15. *Passenger boats may carry cargo or certain conditions.*—A boat licensed to carry passengers may also carry cargo, every ten cubic feet of cargo being considered as equivalent to one passenger, but the total of the number of passengers so calculated and the passengers actually carried shall not exceed the number of passengers which the boat is licensed to carry. In no passengers are carried, a boat licensed to carry passengers may carry cargo, subject only to the limit of free board of nine inches provided for in rule 14. No such vessel shall carry cargo such as fish, manure, bones, skins, or other articles which in the opinion of the canal officer is offensive or dangerous.

16. *Care and management of vessels.*—No vessel shall be navigated without one person at least on board, competent to steer and manage her and acquainted with the rules regulating the navigation of the canals. No vessel shall lie or be left without a person on board capable of taking care of her.

17. *Lights.*—Vessels using any of the canals shall between sunset and sunrise exhibit the following lights :—

Vessels	When moving	When moored.
Steam or motor boats	1. One clear white light on the upper deck ..	One clear white light not less than 6 feet above the water-level and so placed that it shall be visible fore and aft.
	2. One hull's eye bright red light 6 inches diameter on the port or left side	
	3. One hull's eye bright green light 6 inches diameter on the star-board or right side.	
All other vessels	One clear white light with a glass not less than 2 inches diameter attached to the centre.	Do.
Rafts	One clear white light at each end .	One clear white light at each outer corner.

The two hull's eye lights shall be so placed and fitted that both may be visible from a point directly ahead of the vessel and in as not to be obscured by any of the fittings, cargo or passengers. Subject to these provisions, the lights may be placed in the front or on the top of the cabin, at the sides of the vessel near the bow, or on supports specially provided for the purpose. Vessels using acetylene or other lights of high power must be provided with special arrangements for shrouding the light and must shroud the light when approaching or meeting other vessels.

18. *Speed of steamers and motor vessels.*—No steamer or motor vessel shall travel at a greater speed than six miles per hour, and between sunset and sunrise the speed shall not exceed three miles an hour. The speed shall be reduced to three miles an hour during the day and to two miles an hour between sunset and sunrise when passing round a bend, or when approaching a lock or other navigation works. Every steamer or motor vessel shall be furnished with an efficient whistle or hooter, and shall whistle or hoot when approaching a bend or a lock. Steamers and motor vessels shall be warped or poled into or out of locks and shall not use their propellers or paddle wheels until quite clear of the lock.

19. *Vessels to keep to the left.*—(i) Boats passing through the canals shall keep to the left side, that is to say, boats going north shall keep to the west and boats going south shall keep to the east side of the canals.

(ii) Vessels or rafts going north shall keep out of the way of vessels or rafts going south; a vessel or raft overtaking another shall keep out of its way.

(iii) All vessels or rafts under sail shall lower their sails when passing through a masonry aqueduct, lock or flood gate.

20. *Passing of vessels.*—(a) When one vessel overtakes and passes another, the overtaking vessel shall pass outside, that is, to the right of the overtaken vessel which must keep as far to the left as possible to give room.

(b) In open water, a steam or motor boat must keep out of the way of a boat under sail.

21. *Inspection of vessels other than steamers or motor boats.*—The canal officer shall from time to time inspect all licensed vessels and see if they are maintained in a proper state of repair and cleanliness

and if their gear is in good condition and may suspend the licence if a vessel is out of repair or unsafe or otherwise unfit for public use or for the carriage of goods as the case may be. So long as a licence is suspended, the vessel to which it relates shall not ply on any of the canals.

22. *Inspection of motor vessels.*—All motor vessels shall be inspected by the Executive Engineer or the officer empowered by him before they are licensed and once every year thereafter to see that they and their machinery are in good working order and that they are in charge of a competent crew and an inspection certificate issued. In the event of such deterioration of the machinery as may in the opinion of the inspection officer cause danger, the licence of the vessel shall be cancelled or suspended.

23. *Production of licence.*—A copy of the licence shall be exhibited publicly on the vessel; and a copy shall also at all times be carried by the navigating officer in charge of the vessel and shall be shown on demand by any gazetted officer of the Public Works Department, any police officer not below the rank of Sub-Inspector or any Magistrate.

24. *Limit of canal officer's powers.*—A canal officer may, on account of infringement of any of the provisions of the Act or any of the rules passed under it, suspend the annual licence of a vessel for not more than fifteen days for a first offence, thirty days for a second offence in the same year, sixty days for a third offence in the same year and for the unexpired portion of the licence for a fourth offence in the same year.

25. *Pass for vessels under suspension to proceed to their destination.*—When the licence for a vessel carrying cargo or passengers or both is suspended, the officer by whom the licence is suspended shall grant a pass to the prescribed form permitting the vessel to proceed to its destination for the purpose of loading cargo and passengers or to a place where she can be repaired. Such passes shall be in duplicate, of which one part shall be returned to the issuing office and the other part shall be delivered to the person in charge of the vessel. The fact and period of suspension shall be recorded by the canal officer upon the licence and upon the counterpart, but if the counterpart is not in his possession, he shall communicate the fact of suspension to the officer who issued the licence. In the case of suspension of a licence because of the defective state of a vessel's hull, machinery or gear, the suspension shall continue until the owner obtains a certificate from an inspection officer that the necessary repairs have been effected and that the vessel is again safe, sound and fit for the navigation of the canals. Such certificate shall be endorsed on the original licence immediately under the order of suspension, which latter shall thereupon cease to have any effect. The order of suspension shall declare that it shall be in force unless and until such certificate shall be served upon and be filed by the officer who suspended the original licence.

26. *Marks and figures to be painted on vessels.*—The owners of vessels other than rafts shall have the following figures and marks painted conspicuously on their vessels before using them on any of the canals and shall be responsible that those marks and figures are not defaced or obliterated.

(1) The number of licence or certificate of registration and the initial M shall be painted on each bow.

(2) The tonnage of the vessel shall be similarly painted on each side of the sternpost above the load line.

(3) The number of passengers, which the vessel is licensed to carry, on the stern of each such vessel or on the after-part of the cabin with the letter P prefixed.

(4) The load line for a length of 3 feet amidships, on both sides.

(5) Gauges in feet and tenths, with figures indicating feet and half feet, shall be painted on both ends of vessels to enable their actual draft to be readily ascertained at any time.

The said numerals and letters shall be in English and shall be painted in white on a black ground or black on a white ground. Each numeral or letter shall be not less than 4 inches in length and at proportionate breadth.

NOTE.—Clauses (1), (2) and (3) of this rule will apply to all private vessels intended for the personal use of the owners.

27. *Circulation of rules.*—A copy of the navigation rules, in English or in the Vernacular, shall at the time of registration or taking out a license for every vessel other than a raft, be given to the owner or person in charge thereof, if he has not already got one and his signature taken in the register in token that he has received or has already in his possession a copy of the rules.

28. *Mooring of vessels.*—The Collector or the Executive Engineer, may from time to time notify that no vessel shall be moored, or that no cargo shall be loaded or unloaded or passengers shipped or landed in any canal or part of a canal, except at specified places. Such notifications may be made applicable only to vessels carrying certain classes of goods.

29. *Temporary suspension of traffic.*—The Collector or the Executive Engineer may from time to time notify that navigation shall be suspended temporarily between specified dates on any canal or part of a canal.

30. *Interference with locks, etc.*—No person unless authorized shall interfere with the locks or any part of their machinery and with any of the lighting signals or other appliances for the working of the canal system.

31. *Damage by any vessel.*—If any vessel or raft fouls any lock gates, lock masonry, etc., and thereby causes damage thereto, the section officer or the lock or wharf superintendent shall assess the amount of damage so caused. A notice specifying the amount of damage and demanding its payment shall be served on the master or owner of the vessel or raft and a copy of it sent simultaneously to the subdivisional officer. Within one week at the service of the notice of demand the amount shall be paid. It shall be lawful for the section officer or the lock or wharf superintendent as the case may be to seize the vessel or raft immediately the damage has been caused, and detain it until the amount is paid, the responsibility for safeguarding the contents of the vessel or raft resting solely with the owner thereof; and if within three days after the expiry of the week fixed for payment specified in the notice, the amount together with the cost of seizure or detention

is not paid, the vessel or raft shall be sold with the approval of the Executive Engineer and out of the sale-proceeds the section officer or the lock or wharf superintendent as the case may be shall pay to the credit of Government the amount of damage, cost of seizure, detention and sale, rendering to the owner the overplus, if any, on demand

In cases where the vessel is carrying passengers or perishable cargo, a permit shall be issued for the vessel to proceed to its destination.

33. *Place and time of repairs of vessels.*—No vessel shall be repaired in any canal without the written permission of the canal officer. The repairs shall be made at the place and during the time named in the written permission, and at no other place or time. The owner of the vessel shall remove from the canal all surplus materials used for such repairs within fifteen days after the repairs are completed. In the event of his failure to do so such materials shall be removed by the canal officer at the expense of the owner of the vessel and the license may be suspended until payment is made.

33. The following rules and restrictions shall apply to:—

(1) the Cuddalore canal,
(2) the Sultan's canal,
(3) the Kalvanis canal.

(a) No steamers or motor-vessel shall navigate these canals.

(b) No vessel or raft more than 12 feet in breadth or drawing more than 2 feet of water when loaded shall navigate these canals.

Provided that the Collector or the Executive Engineer, for special reasons, may exempt any vessel from any of these restrictions temporarily.

34. *Outbreak of epidemic disease on board of vessels.*—(1) It shall be the duty of the master of a vessel in any canal to report the occurrence on such vessel of any case of cholera or small-pox at the lock, wharf, or licensing station at which the vessel arrives next after such occurrence, the report to be made to the lock or wharf superintendents or other officers of the Public Works Department in charge at such places.

(2) The Public Works Department Officer in charge shall, under section 7 of the Canals and Public Ferries Act, 1890, stop such vessel at once from proceeding further, remove all passengers or other persons from the vessel, and isolate it as far as possible until it has been disinfected.

(3) The canal officers shall report the occurrence to the nearest Medical Officer and shall, until the arrival of that officer, render every assistance in their power to subdue the outbreak by the distribution of medicines and disinfectants.

(4) The vessel shall not be allowed to proceed without a written permit from the Medical Officer.

35. *Carriage of lepers.*—No person suffering from leprosy shall be carried on board any vessel licensed to carry passengers unless

(i) arrangements have been made to the satisfaction of the canal officer for the separation of the person and his attendants during the whole time that they remain on the vessel from other persons carried in the same vessel; and

(ii) any other special precautions which the canal officer may consider necessary have been taken to prevent infection being communicated to other persons employed on or travelling in the vessel.

Fort St. George, September 28, 1923 (G.O. Ms. No. 978 F.)

The following resolution of the Government of India is republished :—

DEPARTMENT OF INDUSTRIES AND LABOUR.

STORES.

Simla, the 20th August 1923.

No. S.-812.—In their Memorandum No. 1885-S.S., dated the 4th August 1913, the Railway Board referred to the organisations, namely, the office of the Superintendent of Local Manufactures and Government Test House and the Metallurgical Inspectorate, which had been constituted at Calcutta and Sakchi (renamed Jamshedpur) respectively for the testing and inspection of various descriptions of materials, and published two schedules of the charges which it had been decided to levy for the carrying out of test and inspections by these organisations.

2. During the past nine years the position has undergone marked changes. The office of the Superintendent of Local Manufactures and Government Test House has recently been entirely reconstituted. Inspection, as distinct from testing work has been withdrawn from that organisation and is now undertaken by a separate agency, styled the Inspectiono Circle, Calcutta, in charge of a Controller of Inspection. The testing work continues to be carried out at the Government Test House, which is now under the control of an officer designated the Superintendent of the Government Test House, Alipore. The Test House has, moreover, been considerably enlarged and equipped with a strong staff of experts and with a varied assortment of machinery and plant. The Metallurgical Inspectorate has also been developed in respect of expert personnel, equipment and testing accommodation and, like the other two organisations named, is in a position to carry out various descriptions of tests and inspections covering a wide range of materials. All three organisations form part of the Indian Stores Department. The experience acquired during recent years has indicated that the existing scales of charges are not sufficiently comprehensive and are in other respects unsuited to the present conditions, and after a careful examination of the matter the Government of India have decided to substitute for the existing schedules the two revised schedules appended hereto namely,—

(i) A schedule of charges for testing and inspection of the local manufactures of articles of iron and steel, metals and other materials including cement, oils, paints, coal, minerals, etc., for all central and local Government Departments and local Administrations, State and Company-worked Railways, Indian States, Port Trusts, Municipalities and all other public bodies.

(ii) A schedule of charges for the testing and inspection of local manufactures of articles of iron and steel, metals and other materials including cement, oils, paints, coal, minerals, etc., for private firms and individuals.

The revised scales will come into force with effect from the 1st September 1923, from which date all work which is not definitely covered by existing contracts will be charged for at the revised rates.

3. The new charges, as explained in the notes to the schedules, are for work done in the areas where the testing and inspection staff is located and for tests and analyses made on departmental owned machines or with Government apparatus. Other rates, which will be determined by the circumstances of each case, will be chargeable for tests or inspections carried out elsewhere than at the places where testing or inspection staff is located and also for tests carried out on machines not belonging to Government. The list of tests and analyses given is not exhaustive. Other mechanical tests and analyses can be made as required within the limits of the capacity of the machines and apparatus installed at rates which may be ascertained on application to the Superintendent of the Government Test House or the Metallurgical Inspector as the case may be.

4. Until further notice, all requisitions or requests for inspections should be forwarded to the Chief Controller of Stores, who will arrange for the performance of the work by such of the organisations under his control as appears to him most suited to carry out the work. Requisitions and requests for test, analyses, examination of materials and expression of opinion on result of such examination should as hitherto be forwarded direct to the Superintendent of the Government Test House or the Metallurgical Inspector as the case may be.

5. For the accounting and recovery of the charges specified in the accompanying schedules, the following procedure will be observed. In the case of work done for Government Departments in respect of stores purchased through the agency of the Indian Stores Department the inspection and testing charges will be debited against the Department concerned by the Audit Officer, Indian Stores Department, along with the cost of the stores purchased. In the case of inspections and tests of materials purchased otherwise than through the agency of the Indian Stores Department, the officer in charge of the inspection or testing organisation will, as soon as the work is completed, prepare a voucher showing the value of work done and forward it in triplicate to the Department concerned which will countersign and return two copies to such officer and retain one copy for record. At the end of the month, the officer in charge of the inspection or testing agency will send the accepted vouchers to the Audit Officer, Indian Stores Department, for adjustment. In the case of work done for private firms and individuals, the cost of the work done should be realised in cash by the officer in charge of the inspection or testing organisation and paid into the nearest Government Treasury to the account of the Audit Officer, Indian Stores Department. If the parties so desire, they may be asked to pay the amounts into the nearest Government Treasury to the account of the Audit Officer, Indian Stores Department, and to forward the Treasury Receipts to the officer in charge of the inspection or testing organisation. These receipts should be transmitted by these officers to the Audit Officers, Indian Stores Department, at the end of the month for necessary adjustment.

SCHEDULE I.

Schedule of charges for testing and inspection by the inspection staff of the Indian Stores Department of the local manufactures of articles of iron and steel, metals and other materials including cement, oils, paints, coal, minerals, etc., for all Central and Local Government Departments and Local Administrations, State and Company-worked Railways, Indian States, Port Trusts, Municipalities and all other public bodies.

PART I.—TESTS AND ANALYSES.

Item, description of tests and analyses.	Charges. Rs. A. P.	
I.—METALS.		
A.—Physical tests.		
1. Bend tests—		
(a) Specimen ready for testing.	0 0 0	per test.
(b) Extra charge for preparing test piece	0 0 0	
(c) The rate shown under (a) is for "cold bend" tests. Extra charge for heat treatment for "temper" bend tests as defined in British Standard Specification.	1 0 0	
2. Brinell tests—		
(a) Four impressions on one piece.	0 0 0	per test.
(b) Each additional impression on same piece.	1 0 0	
(c) Preparation of test pair of parallel surfaces.	3 0 0	
3. Compression tests—		
(a) Specimen machined ready for testing with observation of yield point.	7 0 0	per test.
(b) Specimen machined ready for testing but without observation of yield point.	5 0 0	per test.
(c) Extra charge for preparing test piece	0 0 0	
4. Impact tests on notched bars—		
(a) Specimen machined ready for testing	0 0 0	per bar tested.
(b) Extra charge for preparing test piece.	2 0 0	
5. Rivet tests—		
Set of tests (one cold bending and one hot flattening) to British Standard Specifications.	5 0 0	per set of tests.
6. Shearing tests—		
(a) Specimen machined ready for testing	0 0 0	per test.
(b) Extra charge for preparing test piece.	2 0 0	
7. Structure—		
(a) Examination of macrostructure and microstructure including cutting and preparing specimen.	24 0 0	per section
(b) Macrograph or photomicrographs.	0 0 0	per print.
8. Tensile tests—		
(a) Specimen machined ready for testing.	10 0 0	per test.
(b) Extra charge for preparing test piece	5 0 0	
(c) Wire rope ..	10 0 0	per test.
(d) Wires and rods up to and including ½" diameter without machining.	5 0 0	per test.
9. Torsion tests—		
(a) Specimen machined ready for testing including reading of elasticity	10 0 0	per test.
(b) Specimen machined ready for testing excluding reading of elasticity.	10 0 0	per test.
(c) Extra charge for preparing test piece.	4 0 0	
10. Transverse tests—		
Transverse tests of cast-iron bars including measurement of deflection.	10 0 0	per test.
I.—METALS AND MINERALS.		
B.—Chemical analysis.		
1. Aluminium—		
(Silicon, copper and iron) ..	15 0 0	per element or per set of the three elements named.
Aluminium—		
(other elements)	10 0 0	per element.

Item, description of tests and analyses.	Charges. Rs. A. P.	
I.—METALS AND MINERALS—contd.		
B.—Chemical Analysis—contd.		
3. Antimony. (Estimation of antimony).	15 0 0	per test.
4. Bronze, brass and similar alloys—		
(Copper, lead, tin, zinc, iron)	32 0 0	per set of elements named.
Other elements	10 0 0	per element.
5. Copper (copper and arsenic) ..	15 0 0	per element.
6. Ferromanganese	12 0 0	per element.
(Carbon, manganese, phosphorus).	50 0 0	per set of the 3 elements named.
6 Iron, cast—		
(Combined carbon, graphite, silicon, manganese, sulphur and phosphorus).	0 0 0	per element.
	32 0 0	per set of 5 elements.
	40 0 0	per set of 6 elements named.
7. Iron, wrought or steel—		
(Combined carbon, silicon, manganese, sulphur and phosphorus).	5 0 0	per element.
	32 0 0	per set of 5 elements named.
8 Lead (Estimation of lead) ..	12 0 0	per test.
9 Solder (tin and lead) ..	12 0 0	per element.
10. Tin (Estimation of tin) ..	12 0 0	per test.
11. White metal	12 0 0	per element.
12. Zinc	12 0 0	per element.
13. Coal ash (ordinary full analysis)	40 0 0	per test.
14. Bauxite	40 0 0	per test.
15. Cement—		
(a) per single estimation .	5 0 0	per test.
(b) ordinary full analysis ..	32 0 0	per test.
16. Chromite (Chromium sesquioxide).	15 0 0	per test.
17. Chromite (silica)	12 0 0	per test.
18. Clay	40 0 0	per test.
19 Coal or coke (proximate analysis and calorific value)	20 0 0	per test.
20. Coal or coke calorific value only.	12 0 0	per test.
21. Graphite plumbago ..	10 0 0	per test.
22. Lime, limestone chalk, kunkar.	30 0 0	per test.
23. Magnesite, dolomite ..	32 0 0	per test.
24. Manganese ore (manganese only)	10 0 0	per test.
25. *Water mineral analysis only.	60 0 0	per test.
II.—OILS, PAINTS, PIGMENTS AND MISCELLANEOUS.		
A.—Physical tests		
Lubricating oils—		
(a) Physical test of mineral oils.	20 0 0	per test.
(b) Physical test, including specific gravity and acid values.	30 0 0	per test.
(c) Viscosity or flash point or other individual test only.	5 0 0	per test.
B.—Chemical analyses.		
1. Vegetable and animal oils or fats.	10 0 0	per test.
2. Kerosene	24 0 0	per test.
3. Oil fuel, crude oil, etc. ..	32 0 0	per test.
4. Petrol	20 0 0	per test.
5 Turpentine	20 0 0	per test.
6 Turpentine substitute ..	20 0 0	per test.
7. Greases	24 0 0	per test.
8 Dry colours and pigments ..	20 0 0	per test.
9. Stiff paints	60 0 0	per test.
10. Mixed paints	60 0 0	per test.
11. Varnish	60 0 0	per test.
12 Sulphuric acid (for examination).	24 0 0	per test.

* NOTE.—Bacteriological examination of water is not undertaken. Water for drinking should be sent to the Public Health Laboratory of the Presidency.

II.—Oils, Paints, Pigments and Miscellaneous—*contd.*	
B—Chemical analyses—*contd*	
13. Sulphate of alumina	Rs. a. p. 20 0 0 per test.
14. Calcium chloride	18 0 0 per test.
15. Beeswax	20 0 0 per test.
16. Paraffin wax and candles	20 0 0 per test.
17. Bleaching powder (available chlorine only).	10 0 0 per test.
18. Creosote oil	32 0 0 per test.
19. Glycerine	32 0 0 per test.
20. Glue	16 0 0 per test.
21. Lac Shellac	25 0 0 per test.
22. Pitch	10 0 0 per test.
23. Soap	20 0 0 per test.
24. Sized cloth tored or rosinfed	16 0 0 per test.
25. Sulphur	32 0 0 per test.
26. Coal tar to British Standard Specification for road purposes	40 0 0 per test.
III.—Building Materials.	
1. Portland Cement—	
Series of tests to standard specification—	
(a) Physical test	32 0 0 per test.
(b) Chemical test	32 0 0 per test.
(c) Combined chemical and physical	64 0 0
(d) Setting test only	8 0 0 per test.
(e) Expansion test only	8 0 0 per test.
2. Lime, natural cements, etc.—	
(a) Physical test	32 0 0 per test.
(b) Chemical test	32 0 0 per test.
(c) Combined physical and chemical test.	64 0 0
3. Sand—	
(a) Tensile strength of mortar made with samples in comparison with standard sand.	32 0 0
(b) Tensile test of cement mortar made with samples	16 0 0
(c) Examination of sand to determine suitability as a substitute for Leighton Buzzard sand.	40 0 0
4. Stone, brick concrete, etc.—	
(a) Compression test on three similar cubes on bricks (including preparation of specimens).	16 0 0
Note.—Extra charges will be made for the preparation of very rough specimens for testing. These charges will be made according to the work involved.	

Item, description of tests and analyses.	Charges.
III.—Building Materials—*contd.*	
	Rs. a. p.
(b) Absorption tests / Permeation tests } per cu. ft.	5 0 0 per test
5. Timber—	
(a) Transverse test on prepared specimens.	16 0 0 per test.
(b) Shearing test on prepared specimens	16 0 0 per test.
(c) Compression on prepared specimens	16 0 0 per test.
Note.—Only the above tests are undertaken. Samples requiring further examination and testing should be sent to the Forest Research Institute, Dehra Dun.	
6. Stoneware pipes—	
Examination and pressure tests in British Standard Specifications.	16 0 0 per test.
IV.—Miscellaneous Tests.	
1. Tensile test of non-metallic rope.	16 0 0 per test.
2. Tensile test of belting	16 0 0 per test.
3. Tensile test of cloth	16 0 0 per test.
4. Tensile test of string, cord, etc	8 0 0 per test.
5. Couplings, drawhooks, chains, etc.—	
(a) Proof tests only	16 0 0 per test.
(b) Proof and destruction tests.	24 0 0 per test.
(c) Impact test	32 0 0 per test.
6. Pressure and vacuum gauges—	
(a) For examination and calibration.	8 0 0
(b) For examination, adjustment and recalibration.	12 0 0
Examination or Opinion.	
1. For comprehensive report and expression of opinion or recommendations on results of analyses, tests or examinations.	2½ per cent of total experimental charges subject to a minimum charge of Rs. 16.

Note 1.—These charges are for work done in areas where inspection staff is located; additional charges to cover travelling and other expenses are leviable for tests and inspections made in other areas.

2.—The rates specified in the Schedule are for single operations on samples of average ease of preparation. Special rates may be charged where preparation involves substantially more than the usual amount of work (*e.g.*, owing to size of specimen from which test piece is to be cut or owing to unusual hardness of material), or where the test or analyses presents special difficulties (*e.g.*, owing to the presence of a disturbing element). On the other hand reductions may be made in the rates in suitable cases where preparation is very simple, or where several estimates or tests of the same kind are asked for at one time or are by previous arrangements to be made at regular intervals. The Superintendent of the Government Test House or the Metallurgical Inspector as the case may be will, on request, quote special rates in these and other cases described above.

3.—The list of tests and analyses given in the Schedule is not exhaustive. Other mechanical tests and analyses can be conducted within the limits of the capacities of the machines and apparatus installed. These charges will be reasonably proportional to those laid down in the Schedule and the Superintendent of the Government Test House or the Metallurgical Inspector as the case may be will, on request, quote rates for any special tests or analyses not specifically described in the schedule.

4.—The rates laid down are for tests and analyses made on Government owned machines or with Government apparatus. If tests under Government supervision are required on privately owned machines, suitable modifications to meet the circumstances in each case will be made in the rates shown and will be intimated on receipt of special request.

PART II.—INSPECTIONS.

Item, description of material and inspection.	Charges.
1. (a) Pig iron, steel ingots, blooms and billets.	Basic rate Rs. 1 per ton of material accepted.
NOTE.—This rate will be subject to modification in accordance with specifications and contract under which material is supplied. Variations in rates will be intimated on receipt of full details.	
(b) Steel castings to British Engineering Standard or similar specification.	
(c) Rails and fish-plates of all sections to Railway Board or British Engineering Standard Specification.	
(d) Iron and steel castings of all descriptions.	
For inspection and necessary chemical analyses—	
(i) For orders of 1,000 tons and upwards at installers charges (subject to a minimum charge of Rs. 2,000).	Rs. 1-8-0 per ton of material accepted.
(ii) For orders under 1,000 tons at Bombay charges of	Rs. 2 per ton of material accepted.
NOTE.—Tensile tests are not included in above item and in cases where such tests are required and are carried out in Government-owned machines by the Government inspection staff, they will be charged for at rates prescribed in Part I of the Schedule. In the event however of such tests being made under the supervision of the Government inspection staff on other than Government-owned machines and appliances, the following charges for supervision will be made—	Rs. A. P.
(i) for tensile tests ..	1 0 0 per test.
(ii) for compression tests ..	1 0 0 per test.
(iii) for deflexion tests ..	1 0 0 per test.
(iv) for bend tests ..	2 0 0 per test.
(v) for Impact tests on notched bars.	3 0 0 per test.
(vi) for forging tests ..	1 8 0 per test.
For inspections of engineering plant and materials of all descriptions other than those prescribed under Item No. 1 above (including all ordinary Physical and Chemical tests of material and finished articles *see* notes below).	1 per cent of the contract value of the materials subject to a minimum of Rs. 50.

NOTES.—1. The cost of confirmatory tests of material to be used will be borne by the inspection department provided the material is acceptable. Should material so tested fail to comply with requirements, the cost of testing will be charged to the contractor at the rates prescribed in Part I of the Schedule.

2. Test of finished articles will be made on the contractor's premises provided approved appliances are available; in the absence of such facilities the cost of testing on Government appliances is to be borne by the contractor.

3. The cost of special tests such as impact or fatigue tests of material or impact tests on couplings will be charged to the purchaser at rates prescribed in Part I of the Schedule unless specified to the contrary in the contract.

The provisions contained in above notes should invariably be embodied in all contracts.

SCHEDULE II.

Schedule of charges for testing and inspection by the inspection staff under the Indian Stores Department of the local manufactures of articles of iron and steel, metals and other materials including cement, oils, paints, coal, minerals, etc., for private firms and individuals.

Fort St. George, August 29, 1923 (G.O. No. 1438, P.H.).

No. 819.—The question of sterilizing drinking water by chlorination has been engaging the attention of the Government for some time past.

The Government understand that chlorine is not manufactured in India. In December 1922, at the instance of the Public Health Board, a Committee consisting of the Director of Public Health and the Director of the King Institute of Preventive Medicine, Guindy, was appointed to conduct experiments in the use of 'stabilized bleach' for chlorination of drinking water. The results of the experiments made are embodied in the report of the Committee, printed as appendix to this order. On a consideration of this report, the Public Health Board has recommended the use of 'stabilized bleach.' Local boards and municipal councils are accordingly advised to make use of 'stabilized bleach' for chlorination of drinking water.

APPENDIX.

Letter from Major J. Cunningham, M.D., I.M.S., Member of the Committee appointed in Local Self-Government Memorandum No. 21379-1, P.H., dated the 8th December 1922, and Director, the King Institute of Preventive Medicine, Guindy, to the Secretary to Government, Local Self-Government (Public Health Department), dated Guindy, the 22nd May 1923, R.O. No. 5017-12/B.

With reference to Local Self-Government Department Memorandum No. 21379-1, P.H., dated the 8th December 1922, appointing a Committee consisting of the Director of Public Health and myself to conduct experiments on the use of 'stabilized bleach' for chlorination of drinking water, I have the honour to report that up to the present four samples of 'stabilized bleach' made by Messrs. The United Alkali Company, Limited, of England and supplied by Messrs. Parry & Co., Limited of Madras, at the instance of the Director of Public Health have been examined with reference to their keeping and sterilizing properties.

Sample 'A' was supplied in a 5-lb. glass container, while the other three 'B', 'C' and 'D' were supplied in zinc containers. From a careful study of the results obtained, the following conclusions appear to be justifiable:—

(1) Bleaching powder, when stabilized and stored in suitable receptacles, does not show any appreciable loss of its active chlorine content even after five months.

(2) Glass receptacles appear to be decidedly superior to metal containers for the storage and issue of stabilized bleach as the loss of available chlorine is more rapid when stored in zinc containers than when stored in glass bottles.

(3) Stabilized bleach is quite efficient for purposes of water sterilization.

Samples 'C' and 'D' which were received on the 21st of April 1923 were in all probability drawn from the same stock as that from which sample 'B' was supplied five months earlier. This is apparent from the fact that they contained only 13·5 and 14·0 per cent respectively of available chlorine at the time of examination. These figures represent approximately the residual chlorine content in sample 'B' after the gradual loss of active chlorine between November 1922 and April 1923. The zinc containers would be suitable in cases where the contents are likely to be used up within a month of manufacture.

Fort St. George, October 2, 1923.

No. 820.—In modification of notification No. 423, published on page 430 of Part I-A of the *Fort St. George Gazette*, dated 25th September 1923, the following revised lists of plague-infected areas are published:—

Fort St. George, September 17, 1923 (G.O. No. 2043, L. & M.).

No. 821.—In view of the serious financial position of a large number of local boards and of the uncontrolled overdrawal of funds, the Retrenchment Committee, which consists of members of the Legislative Council, considered it desirable that in each district of the Presidency a committee of enquiry should be appointed

(1) to ascertain the present financial position of all local bodies,

(2) to frame so far as possible normal budgets for each local body,

(3) to fix a suitable figure in each case as a minimum closing balance,

(4) to make enquiry into the possibility of retrenchment in expenditure, whether on establishments, works or contingencies, and

(5) to consider the question of the disestablishment of local bodies, the revenues of which are largely absorbed in the cost of establishment.

2. The Government have given careful consideration to the suggestion and have also discussed the subject with the Advisory Committees on the Local and Municipal and Public Health and Medical Administrations. The Advisory Committees were generally in favour of the proposal but considered that the committee should include the presidents of all taluk boards in the district and that the president of the district board should be the chairman of the committee. They did not however recommend any detailed enquiry into the finances of municipalities.

3. The Government have decided to accept the modifications suggested by the Advisory Committees and direct that a committee consisting of the Collector of the district, the president, district board, the presidents of all taluk boards and the treasury deputy collector should be constituted in each district with the president of the district board as chairman to report on the points indicated in the resolution of the Retrenchment Committee so far as the district and taluk boards are concerned. The committee is requested to undertake the enquiry at a very early date and submit its report together with the views of the concerned boards on the proposals within two months from the date of this order.

4. Each district board is also requested to constitute a committee from among its own members to examine on similar lines the finances of every union in the district and to take effective steps to bring the union boards into a state of solvency.

2. Candidates must send in their applications made out in English on printed forms, so as to reach *the office of the Board of Examiners* on or before the 31st October 1923 ; after which date no applications will be received on any account. THE CANDIDATE'S NAME IN FULL SHOULD BE LEGIBLY WRITTEN AND THE CIRCLE TO WHICH HE IS ATTACHED SHOULD BE STATED.

3. All candidates should obtain the required application forms from the offices of the Assistant Commissioners.

4. The prescribed fee of *Rs. 5* for each test, or branch of a test except Tests D-iv and E, must be paid into a Government Treasury or if at Madras, into the Imperial Bank of India, Madras, and the receipt given by the Treasury Officer or the Secretary and Treasurer, the Imperial Bank of India, Madras, attached to the application. On no account will the fees be received in the office of the Board of Examiners.

5. Each application should be sent direct to the undersigned post-paid, superscribed and addressed as follows, all the necessary enclosures being securely fastened to it :—

[Application for admission to the Special Test Examinations for Officers of the Salt, Abkari and Customs Department—January 1924.]

To the Secretary, Board of Examiners, Chepauk, Madras.

N.B.—Candidates desirous to assure themselves that their applications have been received should enclose an addressed post-card in their applications. Each candidate should send in a separate card for acknowledgment. Such post-cards will be returned in due course with an acknowledgment. No notice will be taken of any letter from any candidate inquiring whether his application has been received. Insufficiently-stamped covers will be rejected.

6. Candidates for Test E should state whether the vernaculars in which they desire to be examined are (1) their mother tongue or (2) their optional language in their University Examinations or (3) a second language. The information required in the application form and the *details of the branches of the Tests B, D and G in which a candidate wishes to be examined should be clearly shown.* Applications defective in any particulars will be returned and if they are not resubmitted with the omissions supplied, so as to reach this office within a week from the date of the objection memorandum, they will not be accepted.

7. In paying fees into the treasury, candidates should specify the particular test or tests for which the fees are paid.

8. No notice will be taken of the application of any candidate who selects a centre which is not included in the list of centres given in paragraph 2 *supra*.

9. The fees paid by candidates who may be found to be ineligible to appear for the above examinations will on no account be refunded to them.

10. Subject to any changes that may be rendered necessary, the examinations will be conducted in the order of time and subjects shown in the subjoined table :—

COMPULSORY VERNACULAR TEST PRESCRIBED FOR DEPUTY COLLECTORS AND SUB-JUDGES AND DISTRICT MUNSIFS, JANUARY 1924.

The President, Board of Examiners, Madras, notifies that the next vernacular examination of candidates for the post of Deputy Collectors, whether by the second-class test prescribed for Indian candidates or by the third class test prescribed for European and Anglo Indian candidates and the second-class vernacular test for European, Anglo-Indian and Indian Sub-Judges and District Munsifs, will be held on Thursday, the 24th January 1924 and succeeding days at the following centres in accordance with G.O. No. 758, Home (Miscellaneous), dated 11th November 1918 and G.O. No. 925, Law (General), dated 10th April 1923 :—

(1) Bellary.	(3) Coimbatore.	(5) Madura
(2) Cocanada.	(4) Madras.	(6) Chatrapur.

2. Candidates must send in their applications made out legibly in English on printed forms through the heads of their departments, so as to reach the Secretary to the Board of Examiners, Chepauk, Madras, on or before the 15th November 1923, *after which date no applications will be considered*. Applications which are irregular or defective in any particular will not be considered.

3. All mufassal candidates should obtain the required application forms from the treasury of the district to which they belong. Candidates who are residents of Madras should apply for application forms to the Secretary to the Board of Examiners, Chepauk, Madras.

N.B.—No notice will be taken of any application from mufassal candidates requesting to be supplied with application forms from this office.

4. The application of any candidate who selects a centre which is not in the above list of centres will be rejected and no candidate will be allowed to name more than one centre. The centre selected must be the one nearest to the place where he is employed or ordinarily resides. No candidate will on any account be allowed to change the place of examination entered in his application. A candidate appearing without previous permission for examination at a centre other than the one mentioned by him in his application will not be admitted to the examination.

5. A candidate whose examination cannot be arranged at the centre selected by him will be required to appear at Madras or such other centre as may be notified to him.

6. All candidates from the same district must select the same centre. Heads of departments in forwarding applications are requested to see that these instructions are strictly followed.

7. Candidates will be examined in the following subjects. They are advised to give special attention to preparing themselves in manuscript reading and conversation. In deciding whether to allow travelling allowance to candidates who fail in the examination the Board will give special weight to their degree of proficiency in these subjects. The text-books already prescribed have been abolished :—

(*a*) Conversing with accuracy and fluency in the vernacular.

(*b*) Reading with fluency and translating correctly two or three area or other official manuscripts written in a plain running office hand.

(*c*) Taking down in English evidence given in the vernacular and asking questions thereon in the vernacular.

(*d*) Dictating an order on a given subject in the vernacular.

(*e*) Translating in writing, with fair accuracy of idiom and grammar, an easy passage of English prose relating to Indian subjects and containing no words that have not familiar vernacular equivalents; the passage shall, as far as possible, bear upon questions connected with the department to which the candidate belongs.

8. A candidate coming in half an hour after the appointed time will not be admitted to the examination.

9. No candidate will be allowed to leave the examination room till he has given up his answer paper and till the expiration of at least half an hour after the question papers have been given out.

10. To guard against disappointment candidates are recommended to refer to Part I-B of the *Fort St. George Gazette*, from time to time.

HALF-YEARLY EXAMINATIONS, JANUARY 1924.

The usual half-yearly examinations will be held at Madras or in the mufassal on the 21st January 1924. The vernacular examination of candidates for the post of Deputy Collector, whether by the second-class test prescribed for Indian candidates or by the third-class test prescribed for European and Anglo-Indian candidates, and the second-class Vernacular test for European, Anglo-Indian and Indian Sub-Judges and District Munsifs will be held at centres which will be notified separately. Except by special permission, all other examinations in the vernaculars will be held at Madras only.

2. The examinations that may be held are as follows :—

I. The First and Second Standards for Assistant Collectors and Probationary Deputy Collectors.

II. Law and Vernacular test for Police officers.

III. Law test for Cantonment Magistrates.

IV. Vernacular tests for—

(1) European and Anglo-Indian Civil officers not belonging to the Indian Civil Service.
(2) Educational and Medical officers.
(3) Deputy Collectors, Subordinate Judges and District Munsifs.
(4) Candidates for the Provincial Civil Service.
(5) Private candidates, Bank and Railway officers.
(6) Proficiency, High Proficiency and Honours.
(7) Higher Standard in Persian, Arabic and Sanskrit.

V. Law, Revenue and Office Procedure and Accounts for Forest officers.

VI. Division D of the Higher Standard prescribed for Assistant Collectors, for Deputy Collectors and other officers of the Revenue Department.

VII. Examination of the non-civilian Assistant Collectors of the Imperial Customs Service in Hindustani by the Higher and Lower Standards.

VIII. The Ladies' Vernacular Examinations.

3. Candidates must send in their applications made out *legibly* in English on printed forms so as to reach *the Secretary to the Board of Examiners, Chepauk, Madras*, on or before the 15th November 1923; after which date no applications will be considered. Applications which are irregular or defective in any particular will not be taken notice of.

Officers in the service of Government should send in their applications through the heads of their departments.

All applications for examination for rewards should be submitted, through the head of the department concerned, three months before the date fixed for the examination.

The Oriental Language Teachership Examination will be held on the 7th January 1924 and applications for the same should reach the undersigned by 7th December 1923.

4. All mufassal candidates should obtain the required application forms from the treasury of the district to which they belong. Candidates who are residents of Madras should apply for application forms to the Secretary to the Board of Examiners, Chepauk, Madras.

N.B.—No notice will be taken of any application from mufassal candidates requesting to be supplied with application forms from this office.

5. A fee of Rs. 10 for the Oriental Language Teachership Examination and a fee of Rs. 15 for all other examinations in the vernaculars of candidates not in the Government service should be paid into the nearest treasury or if at Madras into the Imperial Bank of India, Madras. The receipts should be forwarded to the undersigned with the application for examination, direct but in the case of Bank and Railway officers, through the heads of their departments. The fees paid for admission to the above examinations will not be refunded or held over to the next examination. Fees paid by candidates for the Oriental Language Teachership Examination will, however, be refunded on receipt of application for the same at least ten days before the date of examination.

6. As very great inconvenience has been caused by applications for Examinations being sent in after the published date, the Board once more direct it to be distinctly understood that the above dates will be strictly adhered to.

(By order)

Office of the Board of Examiners, Chepauk, Madras, 16th September 1923.

A. E. RAMSBOTHAM, *Secretary.*

EXAMINATION IN SCHOOL MANAGEMENT AND THE ART OF TEACHING FOR EUROPEAN TEACHERS IN EUROPEAN SCHOOLS, 1923.

An examination in School Management and the Art of Teaching under article 63 of the Code of Regulations for European Schools, Madras and Bangalore, will be held on the 7th December 1923.

2. The examination is open to European teachers who have taught in recognised European schools in the Presidency of Madras or the Civil and Military Station, Bangalore, for not less than two years since December 31st, 1920, under the observation of the Inspector of European Schools or the Inspector of Schools, South Kanara, Coorg and Bangalore, and who have satisfied the Inspector concerned as regards their methods and skill in teaching and in class management.

Applications should be made on printed forms which can be obtained from the Inspector of European Schools, Old College, Madras, S.W. and should reach the Inspector not later than 15th October 1923. They should be accompanied by a covering letter, in which should be quoted any remarks made by the Inspecting officer in table (5) of the annual inspection reports of the present and previous years relating to the status of the teacher and his or her eligibility to appear for the examination and the probationary teachers' register. It should also be mentioned whether the applicant has appeared for the examination before.

Applications from teachers employed in schools should be submitted through the inspecting officers concerned in order that the latter may have the opportunity of granting the certificate of eligibility appended to the printed form of application. No fee need be paid before the submission of this application, but such teachers as are found eligible after scrutiny of their applications will be required to pay the prescribed fee (rupees five) before admission to the examination.

3. Applications from teachers who seem to satisfy the conditions of admission on the date of receipt of this notification should be submitted as soon as possible, in order to facilitate verification in this office of the facts stated in the applications and to afford ample time for determination of their eligibility or the return.

4. Candidates anxious to assure themselves that their applications have been received should enclose an addressed post-card in their respective applications. The post-card should bear the sender's address only and no other writing. Such post-cards will be returned to them in due course with the Inspector's acknowledgment.

5. There will be two papers one in School Management and one in the Art of Teaching. The following is the curriculum for the examination for the Middle and Primary Teachers' certificates. The same papers may be set for both grades, but may contain a certain number of alternative questions of a simpler nature for candidates of the Primary grade:—

School Management.

(a) School buildings and equipment; the bearing of various types of school building on the work of the school; sanitary conditions and supervision.

(b) The curricula for different types of European schools; the framing of syllabuses in different subjects and of time-tables.

(c) Schools records including European school registers and returns.

(d) The moral aim of school work and its connexion with the home. Formation of habits—mental and moral—such as order, thoroughness, consideration for others, loyalty to fellow pupils

and the school, the intelligent use of leisure. Importance of studying the individual pupil. Personality of teacher. School drill, common breaches of order and decorum and how to deal with them. Breaches of the moral law and how to deal with them. Relations between teacher and pupil and teacher and parent; progress and conduct reports.

ART OF TEACHING.

General principles of method.—(1) The division of a subject into sections suitable (a) for each school year or term, (*b*) for each lesson. Differences which may be noticed between the sequence of ideas or arrangement of the subject matter, which may be demanded (i) by the nature of the child's mind and (ii) by the systematic treatment of text-books. The use of inductive rather than deductive methods.

(2) Perception and apperception.

(3) The typical lesson form; the four steps—

(i) Preparation (particularly as concerned with bringing into the pupils' minds those thoughts and feelings which will help in the acquisition of the new knowledge, whether they are the result of previous lessons or of his out-of-school experience, and as including an intimation of the *aim* of the lesson).

(ii) Presentation, the modes of presentation, e.g., experiment, narration, developing, questioning.

(iii) Abstraction, especially limitations to its use.

(iv) Application.

The teaching of the subject of curriculum.—Structure and use of the vocal organs; means of securing distinct articulation; use of stories; continuous speech: reading—the alphabet, look-and-say and phonic methods, silent reading, recitation, its aim, the selection of pieces; writing, method of holding pencil or pen, hygiene posture in writing, dictation and transcription as means not ends; Grammar, the aim in teaching it, its correlation with reading and composition; composition, oral and written, the use of pictures, objects, stories, previous lessons, word and sentence building and paraphrase in teaching it; the ordinary rules of punctuation; the teaching of sentence and paragraph structure; the value of outside reading; choice of subjects in relation to the attainments of the class.

Hand and eye training.—Drawing the various media suitable for school work and the utility in practice of each; best methods of handling means and postures at work; the use of flat copies and objects; memory drawing as a training in observation and accuracy as a means of expressing facts and ideas. Correlation of drawing with the other subjects of the school course, i.e., map and plan drawing in connexion with history and geography and arithmetic; drawing in connexion with object lessons and nature study, drawing in connexion with writing; kindergarten occupations and their correlation with the other subjects of the child's education.

Nature study or Elementary Science.—Its aims and methods; the framing of suitable courses of lessons about natural phenomena, including animal and plant life and elementary physical geography with reference to local circumstances.

Number work and Elementary Mathematics.—Suitable methods and apparatus, especially practical methods in arithmetic and geometry, and oral methods in arithmetic.

Geography.—Its relation with nature study on the one hand and history on the other—importance of abstraction or generalization in geography teaching—the real meaning and use of maps—map drawing *not* map copying—other useful apparatus.

History.—Prevalent errors in teaching it, too much detail, want of perspective, carelessness as to pupils' real understanding of its subject matter, failure to bring into any relation with their first hand knowledge of things, exclusive reliance on dull epitomes, failure to correlate with geography and language work. Importance of biographies, how to select and teach biographies. Necessity of a knowledge of human nature and of realistic treatment. Influence of the study of history on character. How to draw up a good syllabus. Ways of dealing with the class text-book. Selection of appropriate poetry, songs and novels in connexion with the period studied.

Domestic Economy for women (candidates).—Methods appropriate for the teaching of the courses for Middle and Primary schools published by the department.

General.—Notes and note-taking, their use in school work; home work and exercises, the nature and amount of work for the different classes and in the different subjects, reasons for limiting the amount of home exercise as much as possible in the lower classes; the correction of home exercises and notes.

The preparation of lessons by the teacher, notes of lessons.

Library and Museum.—Their value, methods of encouraging their use by pupils.

For the High School Teachers' certificates, the above curriculum will be followed except that 'Hand and Eye Training' under 'The Art of Teaching' may be replaced by any two of the following subjects:—

(1)	Special methods of teaching	Latin.
(2)	Do.	French.
(3)	Do.	Physics (or Domestic Economy, in the case of women candidates.)
(4)	Do.	Mathematics.
(5)	Do.	History and Geography.

6. European teachers in European schools who have completed a course of training under the Code of Regulations for European Schools, but have not passed the written test are expected to appear for this examination.

7. Centres and time-table will be notified later.

Madras, 30th August 1923.

H. O. KERSHAW,
Inspector of European Schools.

CAMBRIDGE LOCAL EXAMINATIONS, 1924.

It is hereby notified that the next Cambridge Local Examinations (School Certificate Examination and Junior Local Examination) will be held on Monday the 8th December 1924 and following days. No examinations are held in July and no other Cambridge examinations are held in this Presidency. If a candidate wishes to appear for the Higher School Certificate, he should apply to the Inspector of European Schools, Bengal, Calcutta.

2. The Senior Local Examination is now called the School Certificate Examination.

3. Candidates (European and Indian) for the School Certificate Examination must have read for not less than two years in the High School standards or Forms of a recognised school; and candidates for the Junior must have read for two years in a recognised school, and must be presented by the school in which they are reading. Attention is invited to the Code of Regulations for European Schools, article 25.

4. European private candidates will be permitted to appear for the examinations under conditions similar to those stated in article 30 of the Code of Regulations for European Schools.

5. Indian private candidates will be allowed to appear for the examinations only on production of a certificate from a District Educational Officer certifying that the candidate has pursued a regular course of study under proper discipline and that, after a personal examination, he has satisfied the officer that he is fit to enter for the examination and has special reasons for requesting to appear for it.

6. Candidates cannot be admitted to any centre without the permission of the Local Secretary.

7. Private candidates resident in a Province or Presidency in which there is a centre cannot be admitted at any centre outside that Province or Presidency without the consent of the Local Secretary of that Province or Presidency.

8. Candidates resident in a Province or Presidency in which there is no centre may apply for admission to the Local Secretary of another Province or Presidency.

9. Applications for forms of entry and copies of Regulations must be made to the undersigned. The forms duly completed and signed must be returned to the undersigned so as to reach him not later than the 25th June 1924. Entry forms of candidates taking an Oriental language, such as Sanskrit, Tamil, Chinese, Arabic or Persian, must reach the undersigned before 15th April 1924. With the entry forms must be remitted the University fee (viz., £1–17–6 which is taken as equivalent to Rs. 25–2–0 for each School Certificate candidate and £1–3–6 which is taken as equivalent to Rs. 18–12–0 for each Junior candidate) and also the local fee of Rs. 7–4–0 for each candidate.

10. The entry forms and fees from candidates not taking an Oriental language mentioned in paragraph 9 above will, however, be accepted till 1st July 1924 on payment of a late fee of 5 shillings which is taken as equivalent to Rs. 3–12–0 for each candidate.

11. Candidates from this Presidency must select one of the following centres :—

(a) Madras. | (b) The Nilgiris. | (c) Yercaud.

12. Attention is invited to the following alterations in the syllabus of Botany in the School Certificate Examinations, December 1924 :—

(i) The examination will include Elementary Physics and Chemistry as well as Botany. Two papers will be set, in one of which the majority of the questions will be on Elementary Physics and Chemistry. A choice of questions will be given in each paper.

(ii) In order to meet the difficulties in respect of curriculum equipment, etc., likely to be caused by the introduction of the new Botany syllabus, the Syndicate will, for the Examination of December 1924 only, arrange that the success or failure of a candidate to pass with credit in Botany shall be independent of marks gained on the Physics and Chemistry questions included in Paper I. In assessing a candidate's performance in the subject as a whole, account will of course be taken of the work done on both papers.

H. G. KERSHAW,
Inspector of European Schools and Local Secretary, Cambridge Local Examinations, Madras Presidency.

GENERAL NOTIFICATIONS.

THE PATENT OFFICE, 1 COUNCIL HOUSE STREET, CALCUTTA.

PUBLIC ROOM, OPEN 11 A.M. TO 4 P.M.; SATURDAYS, 11 A.M. TO 1 P.M.

All communications relating to applications for patents and for registration of designs under the Indian Patents and Designs Act (II of 1911), or in continuation of applications under the Inventions and Designs Act (V of 1888) must be made in English and addressed to the Controller of Patents and Designs, 1, Council House Street, Calcutta. Documents sent by post should be carefully packed and a full address given in all communications.

2. *Directions* for the guidance of inventors and others are given in the Patent Office Handbook (price one rupee) which contains the Indian Patents and Designs Act, 1911, the Indian Patents and Designs Rules, 1912, the Indian Patents and Designs (Temporary Rules) Act, 1915, the Indian Patents and Designs (Temporary) Rules, 1915, the Indian Patents and Designs (Amendment) Act, 1920, and the Indian Patents and Designs (Temporary Rules) Amendment Act, 1920, together with current regulations and instructions. *These should be consulted before an application is made to the Controller.*

3. *Advice.*—The Patent Office cannot undertake (1) to give opinions on the interpretation of Patent Law, or as the advisability of protecting inventions and designs or on their infringement; (2) to make searches in respect of information available in the public room; (3) to recommend any particular Agent or (4) to assist in the disposal of inventions. Models are not required unless specially asked for. Drawings must be on tracing cloth and the Rules and Instructions for the preparation of drawings as given in the Handbook should be strictly followed. A provisional patent cannot be secured under the Indian Patents and Designs Act, 1911.

4. Applicants are warned that the Indian Patents and Designs Act, 1911, is in force in British India only, and patents granted under it do not extend to the United Kingdom or any of the British Possessions. The International Convention for the Protection of Industrial Property does not include India. For information regarding patents in countries other than India applications should be made to the patent offices in the countries concerned.

5. *Fees* are payable in *cash* and must be received in the Patent Office within the time allowed by the Acts. When cheques are offered in payment of fees, it must be clearly understood that the office cannot hold itself responsible for any delay that may occur in the collection of such on the cheques; any cheque not payable in Calcutta is subject to commission for which due allowance should be made. In cases where it is not possible to have the fees handed in at the Patent Office, it is preferable to send them by money-order or postal order payable at Calcutta to the Controller of Patents and Designs, and to advise him that they have been so sent. Stamps will not be received in payment of fees.

6. *Trade and property marks and names* are not registered and *medicines* are not patented under the Indian Patents and Designs Act. There is no provision of law in British India for their registration. Neither does this Act deal with *pictures, photographs, etc.*, for which copyright is obtainable under the Indian Copyright Act, 1914.

7. *Printed specifications* of applications, which have been accepted, are published within about three weeks after acceptance has been notified in the *Gazette of India*. These specifications can be purchased at the Patent Office at a uniform price of 3 annas per copy; and may be seen free of charge, together with other publications of the Patent Office, at the following places:—

AUDIT CERTIFICATE ON THE ACCOUNTS OF THE TRIPLICANE URBAN CO-OPERATIVE SOCIETY, LIMITED, No. 16, FOR THE YEAR ENDING 30TH JUNE 1923.

The accounts of the Triplicane Urban Co-operative Society, Limited, No. 16, for the year ending 30th June 1923, as audited by M.R.Ry. U. L. Venkatanarasah, City Auditor, are passed. Statements of (1) Receipts and Disbursements, (2) Profit and Loss and (3) Assets and Liabilities as furnished by him are appended to this certificate.

2. *Membership and share capital.*—The number of members and their paid-up share capital fell during the year from 3,914 and Rs. 65,896 to 3,853 and Rs. 63,468 respectively. Eighty-four members reduced their share capital by Rs. 2,067.

3. *Borrowings.*—The society had no borrowings at any sort except the voluntary deposits of its own members on which the maximum rate of interest paid was 6¼ per cent. The total amount outstanding in deposits on the 30th June last was Rs. 30,952 as against Rs. 30,044 in the previous year.

4. *Credit branch—Loans.*—Four hundred and forty-nine loans amounting to Rs 48,340 were disbursed during the year as against 387 loans for Rs. 27,618 in the previous year, the rate of interest being 1¼ pie per rupee per month for simple and mortgage loans and 1½ pies for suretyship loans. Loans repaid by members amounted to Rs 30,864. 425 loans amounting to Rs. 57,291 were outstanding against members at the end of the year. Out of Rs. 6,890-7-8 outstanding against certain primary societies, a sum of Rs. 550 was realised, leaving a balance of Rs. 6,340-7-8 outstanding at the end of the year.

5. *Distribution branch.*—The society purchased goods to the value of Rs. 6,97,141 during the year as against Rs 8,56,096 in the previous year. The amount realised by sale of goods was Rs. 7,83,172 in the year, as against Rs. 8,97,298 in the previous year. The gross profit earned in this branch, during the year, was Rs. 63,850 against Rs. 63,072 in the previous year.

6. *Net profits.*—The net profit earned during the year was Rs. 20,574-2-4 against Rs. 22,613-4-1 in the previous year. Out of this sum, a sum of Rs. 521-7-9 appertains to the credit department and the balance of Rs. 20,452-10-7 to the distribution department as against Rs 153-13-0 and Rs 22,459-7-1 respectively in the previous year. Under by-laws 62 and 63 the entire profits of the credit branch viz., Rs. 521-7-9 and one-tenth of the net profits of the distribution branch viz., Rs. 2,045-8-8, should be carried to the credit of the reserve fund. The total amount that has thus to be credited to the reserve fund is therefore Rs. 2,566-12-5. The balance is available for distribution as interest on share capital, dividend on purchases, common good fund, bonus to employees, etc., according to the limitations and maxims laid down in the by-laws.

7. *Reserve fund.*—With this addition the total amount to the credit of the reserve fund will be Rs. 57,166-3-5.

AUDIT CERTIFICATE ON THE ACCOUNTS OF THE CHINTADRIPET CO-OPERATIVE BANK, LIMITED, No. 1626, FOR THE YEAR ENDING 30TH JUNE 1923.

The accounts of the Chintadripet Co-operative Bank, Limited, No. 1626, for the co-operative year ending 30th June 1923, as audited by M.R.Ry. U. L. Venkatanarasiah, City Auditor, are passed. Statements of (1) Receipts and Disbursements, (2) Profit and Loss and (3) Assets and Liabilities as furnished by the Auditor, are appended to this certificate.

2. *Members and share capital*.—The number of members rose during the year from 901 to 950, though there was a slight fall in share capital which fell from Rs. 14,627 to Rs. 14,250.

3. *Borrowings*.—Deposits from members and non-members fell considerably during the year from Rs. 15,881-13-11 to Rs. 8,567-1-1. This fall was partly made good by borrowing from the Christian Central Bank. The total outstanding in the borrowings increased from Rs. 28,244 to Rs. 36,744.

4. *Loans*.—One hundred and ten loans amounting to Rs 25,513-8-0 were granted during the year as against 144 loans amounting to Rs. 34,582 in the previous year. A sum of Rs 29,937-0-0 was repaid as against Rs 24,658-3-0 in the previous year. There were 303 loans outstanding against members amounting to Rs. 58,094-7-3 at the end of the year as against 380 loans and Rs 57,422 in the previous year. There were overdues of Rs. 18,368-8-2 in principal and Rs 1,348-10-11 in interest at the end of the year as against Rs. 11,253 and Rs 1,254 respectively in principal and interest. The overdues are growing in volume year after year. It is hoped that the Board of Management will look more closely into this very important matter and try to reduce the heavy overdue arrears. Prompt execution of the decrees already obtained, being as many as 43, may, perhaps, tend to reduce this growing evil.

5. *Net profits*.—The bank earned during the year a net divisible profit of Rs. 2,313-11-6 as against Rs. 1,937-13-8 in the previous year. One-fourth of this amount, viz., Rs. 578-6-11, should go to Reserve fund. The balance is available for distribution as honorarium, dividend, common good fund, etc., subject to the limitations and maxima laid down in by-law 37 (3). Any balance left after distribution should be added to the reserve.

6. *Reserve fund*.—With the addition of Rs. 578-6-11 now ordered, it will rise to Rs. 3,883 4-10. Against this there is an investment of Rs. 2,804-13-11 in the Madras Central Urban Bank and the Christian Central Bank. Deducting Rs. 108-3-2, interest due on the investments already made to those banks, the balance that should be remitted to the Christian Central Bank is Rs. 380-5-9.

AUDIT CERTIFICATE ON THE ACCOUNTS OF THE CITY CO-OPERATIVE BANK, LIMITED, No. 880, MADRAS, FOR THE YEAR ENDING 30TH JUNE 1923

The accounts of the Madras City Co-operative Bank, Limited, No. 660, for the year ending 30th June 1923, as audited by M.R.Ry. U. L. Venkatanarasiah, City Auditor, are passed. Statements of (1) Receipts and Disbursements, (2) Profit and Loss and (3) Assets and Liabilities as furnished by the Auditor are appended to this certificate.

2. *Membership and share capital*.—The number of members and their paid-up share capital rose from 889 and Rs. 65,760 at the beginning of the year to 939 and Rs 73,975 respectively at its end.

3. *Deposits and borrowings*.—Deposits from members and non-members rose during the year from Rs. 1,82,945 to Rs. 2,12,375. The total indebtedness to Christian Central Bank, at the end of the year, was Rs. 60,500 as against Rs 47,500 in the previous year. The overdraft with the above bank was also freely utilized, as much as Rs. 2,37,018 having been drawn and Rs. 2,40,484 repaid during the year.

4. *Loans*.—Three hundred and four loans amounting to Rs. 2,45,137 were disbursed during the year to members as against 222 loans amounting to Rs 2,22,509 in the previous year. The amount repaid during the year was Rs. 1,58,346 against Rs. 1,65,450 in the previous year. A sum of Rs. 3,96,329 was outstanding against members on the last day of the year as against Rs. 3,39,543 in the previous year. Overdues at the end of the year amounted to Rs. 15,340-10-10 in principal and Rs. 3,234-9-10 in interest as against Rs. 6,093-1-0 and Rs. 3,993 in principal and interest respectively at the end of the year. Though part of the increase in these overdues is due to the calculation of demand by months instead of annually, yet there are very heavy and strong steps which ought to be taken to nip the growth in the bud. The sum of Rs 350 referred to in last year's audit order still remained as a doubtful asset.

5. *Net profits*.—The bank earned a net divisible profit of Rs. 13,715-10-2 in the year as against Rs. 13,001-15-1 in the previous year. The comparative less profit in the year is due to heavier overdues in interest. One-fourth of the profit, viz., Rs. 3,429-14-7, should, under by-law No. 61, go to reserve fund. The balance is available for distribution as dividend, common good fund, etc., subject to the maxima and limitations laid down in the above by-law.

6. *Reserve fund*.—The liability of the society to reserve fund according to the audit order of 1921-22 was Rs 26,209-9-5. With the addition of Rs. 3,428-14-7 now ordered in paragraph 5, the total amount to the credit of the reserve fund will be Rs. 29,638-8-0. Against this there is an investment of Rs. 17,768-10-8 in the Madras Central Urban Bank and the Christian Central Bank. The Bank is therefore requested to remit to the Christian Central Bank Rs. 1,869-13-4.

ERRATUM.

In notification in Insolvency Petition No. 33 of 1922 published in *Fort St. George Gazette*, dated 20th February 1923, Part II, at page 543, by the Official Receiver of South Kanara, *read* "Thalakat" *for* "Thayakat" in the name of the petitioner

B. M. HEGDE,
Official Receiver.

Mangalore, 22nd September 1923

IN THE MATTER OF THE INDIAN COMPANIES ACT, 1913, AND THE MAHATMA GANDHI PORUL UPAKARA NIDHI, LIMITED.

Whereas from the facts that communications addressed to the Mahatma Gandhi Porul Upakara Nidhi, Limited, at its registered office were returned undelivered through the Dead Letter Office and that at the time of inspection on the 25th March 1923 there was no trace of the company at its registered office, it appeared that the company was not carrying on business or in operation, a notice, dated the 23rd June 1923, was published on page 1341 of the *Fort St. George Gazette*, Part II, dated the 3rd July 1923, pursuant to section 247 (3) of the Indian Companies Act, 1913, to the effect that at the expiration of three months from the date of that notice the name of the company would, unless cause was shown to the contrary, be struck off the register and the company would be dissolved. The company not having shown such cause within the time allowed which expired on the 28th September 1923, the name of the company has, under section 247 (5) of the Act, been struck off the register.

M. MUHAMMAD HUSSAIN,
Assistant Registrar of Joint Stock Companies.

Executive Engineer, Trichinopoly Division.

Trichinopoly, 16th September 1923.

SALE OF SANDALWOOD.

The following approximate quantities of cleaned sandalwood (billets, roots, chips and dust) will be put up to auction at the Tirupattur and Vellore depots of the West and South Vellore divisions in the North Arcot district (on the broad gauge railway) at 10 a.m. on the 3rd and 7th December 1923 respectively, by the concerned District Forest Officers:—

Vellore depot about forty-one (41) tons and Tirupattur depot about two hundred and twelve (212) tons.

2. The sandalwood in each of the depots will be sorted and classified into the eighteen classes noted below and each class will be put up to auction separately in lots of five tons or less as convenient. Details as to the approximate quantities available under each class are also noted below. Purchasers are advised to inspect in advance each lot put up for sale and they shall accept the classification made in the depot as final. No complaints of any kind will afterwards be admitted.

		3,180 qrs. or 41 tons.	11,940 qrs. or 111 tons.

3. No person will be allowed to bid at the auction unless he furnishes on earnest-money deposit of Rs. 1,000 (one thousand) at the time of sale *in cash deposit* and unless he signs his name in the sale notice to imply his acceptance of the conditions contained in that notice. No person will however be allowed to deposit and bid jointly at the sale.

The deposit of unsuccessful bidders will be returned to them at the conclusion of the sale.

4. The sales will be subject to confirmation by the Conservator of Forests who does not bind himself to accept the highest or any bid. It is possible that the Conservator of Forests will himself be present at the time of sale and the result of sale may, therefore, be announced on the spot.

5. Each purchaser shall, immediately after a lot is knocked down to him, sign his name at foot of the sale list in the column provided for the purpose. Such signature shall be held as an admission on his part of having bought the lot.

6. Immediately after the sale, each purchaser, if his offer has been accepted by the Conservator of Forests for that lot, will be furnished with a memorandum showing the total amount due by him and shall pay 50 per cent of the same, less the earnest deposit referred to above, into any of the Government treasuries at Vellore or Tirupattur or remit it into the Imperial Bank of India, Madras, or Vellore payable to the Accountant-General in Madras, before the 15th January 1924, and the balance before 31th March 1924 or before removal of the sandalwood purchased from the depot premises whichever is earlier.

7. Should any purchaser fail to make the payment as indicated above on the due date, the sandalwood purchased by him will be resold at his risk, the earnest deposit made by him forfeited to Government, and any loss accruing by such resale recovered from him as if it were arrears of land revenue. Should however any profit arise by such resale, the defaulter shall not participate in it.

8. The purchaser must take delivery of the sandalwood before 31th March 1924 but he will not be allowed to remove any wood until payment has been made in full for the entire quantity of wood purchased. If delivery is not taken within the time allowed, a demurrage of Rs. 10 per day will be charged until such time as the wood is removed from the depot premises—vide paragraph 11 infra.

9. On presenting the chalan to the officer in charge of the depot for the payment of value of the sandalwood purchased by each merchant, the wood will be weighed as it is, in the depot, in the presence of the purchaser or his *accredited* agent by an officer of the department not lower in rank than that of a Forest Ranger. No further cleaning or classification of the sandalwood will be undertaken by the Forest Department nor will purchasers be allowed to clean any wood previous to weighment. The classification, cleaning and weighment as determined by the Forest Department must be accepted. Should any deficiency occur after weighment, the value of the deficiency will be refunded to the purchaser or if an excess is found it shall be paid for by him.

10. The purchaser shall bear the cost of weighment at the time of delivery.

11. The purchaser will be allowed reasonable time not exceeding beyond 31th March 1924 to remove his wood after weighment and delivery. During this period the wood will be kept in the depot at his risk and loss. If the purchaser fails to remove all the wood within the period, any sandalwood remaining unremoved, will become the property of Government.

12. Special undertaken will be made if required to secure railway facilities to the purchasers for the transport of their sandalwood by rail.

13. No sandalwood can be removed from the depot, till a license to remove sandalwood signed by the officer of the Forest Department who weighed out the wood shall have been obtained and till every piece of sandalwood that can be stamped has been stamped with the district 'Sale hammer.'

14. The officer conducting the sale shall be at liberty to stop the sale at any time without giving any reason to the intending purchaser.

15. Further particulars can be had on application to the undersigned.

17th September 1923.

H. W. A. GAUDOIN,
District Forest Officer, South Vellore Division.

D. L. SATHE,
District Forest Officer, West Vellore Division.

CULTIVATION STATEMENT—APRIL TO JULY 1923

[On an average of the five years ending 1922-23, the area sown in July represents 16 per cent of the cultivation on dry lands and 17 per cent on wet lands, the corresponding figures for the period April to July being 30 per cent for dry lands and 28 per cent for wet lands.]

General.—Sowings in *July 1923* were generally restricted owing to the lateness of the monsoon and the late receipt of freshes in the Godavari and Kistna rivers. The main crops sown in the month were paddy, cumbu, and groundnut in most districts, cotton in Guntur, cholam, korra, castor, and cotton in the Deccan, and ragi in the Carnatic and the Central districts.

2. *Dry lands*.—There was a fall of 17 per cent in the area sown in July 1923. This, coupled with the reduced sowings in the previous month was responsible for the decrease of 20 per cent in the area sown from April to July. The greatest decreases were in Kistna, Guntur, North Arcot, and Salem where the area fell by more than 50 per cent. In Anantapur however, adequate rains were received and the area sown was above the average and double that of the previous year. In Kurnool and Bellary also, the season was better than in the previous year and there was an increase of 35 per cent in the area sown in July.

3. *Wet lands*.—Sowings in July 1923 were satisfactory on the West Coast owing to heavy rains in the second half of June but were much restricted in Godavari, Kistna, and Guntur. On the whole the area sown in the Presidency in the month was less by 13 per cent as compared with the average and by 8 per cent as compared with the previous year.

There was a decrease of more than 30 per cent in the area sown from April to July 1923 in Godavari, Kistna, and Guntur and hence the area sown in the Presidency was 11 per cent below the average area and 7 per cent below the area in the corresponding period of the previous year.

4. Figures by districts are given in the statement appended.

Review on retail prices for July 1923.—The average retail prices of food-grains in July 1923 rose generally in the Circars, as compared with those prevailing in the previous month; there was a rise of 5 per cent or more in the price of dry grains in Vizagapatam and Godavari owing to insufficient supply and the unfavourable season. There was a slight fall in prices in Anantapur, Nellore, and Coimbatore. Prices rose slightly elsewhere, especially in Chittoor and North Arcot; the price of cumbu rose by 12 per cent in Tinnevelly.
